The cost to you in lifetime taxes for the actual years of your child or children's Chicago Public School attendance is (lifetime total from Question 12 divided by total years CPS attendance by your child or children): less than \$15,000 per child per year (\_\_\_\_\_ less) exactly \$15,000 per child per year more than \$15,000 per child per year ( \_\_\_\_\_ more) 14. The cost to you to educate your child or children would be less if you paid out-of-pocket for private or parochial school attendance than the lifetime taxes you pay for Chicago Public Schools. true false 15. In addition to paying taxes for Chicago Public Schools, you also pay out-of-pocket for private or parochial school attendance for your child or children. false The cost to you in lifetime taxes plus private or parochial school tuition for your child or children's 16. school attendance is: less than \$15,000 per child per year (\_\_\_\_\_ less) exactly \$15,000 per child per year more than \$15,000 per child per year ( \_\_\_\_\_ more) You know that unemployment has been and continues to be high in Chicago because many private sector employers decided to leave the city rather than pay taxes for the high cost of Chicago Public Schools (and other city services). Therefore, the value of homes has been inflated so the residential property tax can be inflated (a) to make up for the loss of tax revenues from former private employers that paid interest on old and new municipal bonds, (b) to raise additional tax revenue for new public sector jobs, and (c) to finance more babysitting services for more working moms under color of education, trapping families in cyclonic inflation and enslaving them by their need for shelter. true | false You feel shame and guilt that the Cook County Treasurer seizes the homes of city inhabitants who can't afford to pay the high cost of Chicago Public Schools and other political patronage jobs. You know that Chicago Public Schools destroy the hearts and minds of many children, and for this reason, many people the treasurer takes money from and gives money to, educate their children privately, parochially, or at home. true false
