---

- YES NO Did the candidate certify the promises in a contract you can enforce?
- YES NO Are the promises consistent with the fundamental principles of democracy?  
That is, do the promises protect your civil, as well as your natural rights of property and person without violating the equal rights of others?
- YES NO Did the candidate make contradictory promises to get the votes of your enemies?
- YES NO Will the candidate have conflicts of interest if he is elected to represent you and your enemies?
- YES NO Will the candidate's promises inflate your cost of living?
- YES NO Will inflation increase revenue from taxes on your home and your purchases?
- YES NO Will inflation increase revenue from taxes on your income when you demand raises to keep up with inflation?
- YES NO Will the candidate use inflated tax revenues to buy the votes of special interests such as government contractors, teachers, police, and other beneficiaries to create government by a minority instead of the majority?
- YES NO Will a minority government be profitable to foreign interests, such as foreign manufacturers, bankers, and unionists, including those who'd pay kickbacks?
